

# Otter Slide

## Ass Ponys

We watched 'Heavens Gate'  
But the movie lasted far too long  
We both fell asleep  
But at least we didnt have to talkThats what its like  
Everythings fine  
And then we collideSlid down an otter slide  
Always tried to make the biggest splash  
When we hit the drink  
Always figured we would have to crashThats what its like  
Everythings fine  
And then we collide
