Brick & Lace

Convict I'm that girl right here
I'm that girl right here
Yeah, I'm that girl right here
Yeah, I'm that girl right here Because if you're looking for that girl to spend your G'z
I'm that girl right here
And if you're looking for that girl then don't you agree
I'm that girl right here And if you're looking for that girl when you're in need
I'm that girl right here
But I'mma tell you right now I'm not to mess with
So let's just get that clear Baby boy, hold up right there
Just hold up right there
Just hold up right there
Let's just get that clear Baby boy, hold up right there
Just hold up right there
Just hold up right there
Let's just get that clear See I'm just an uptown girl, I fall from Jamaica
Let's just get that clear
I ain't sexy but don't let the cute face fool ya
