

With Teeth

Nine Inch Nails

She comes along
She gets inside
She makes you better
Than anything you've tried It's in her kiss
Black as sea
And it runs deeper than
You dared to dream it could be With teeth
With teeth
With teeth
With teeth Wave goodbye
To what you were
The rules have changed
The lines begin to blur She makes you hard
It comes on strong
You finally found
The place where you belong With teeth
With teeth
With teeth
With teeth I cannot go through this again
I cannot go through this again
I cannot go through this again
I cannot go through this again I cannot go through this again
I cannot go through this again
I cannot go through this again
I cannot go through this again With teeth
With teeth
With teeth
With teeth She will not let you go
Keeps on and on
She will not let you go
Keeps on and on This time I'm not coming back
She will not let you go
This time I'm not coming back
She will not let you go
