Everything

Dave Navarro

Call me baby, try to sit there, don't be afraid
Drink your protein, try to sit there, don't run away
Tasting strawberry, breathing sweetness, kissing purple vein
I fell in your rusted heart before you dripped away
She has everything, everything
I am all your pain
Dilated, coagulated, exposing every nerve
Liquidated, disappearing inside the living room
Taking care of the older men they have some cash to spend
Never had a chance to say goodbye my precious friend
She has everything, everything
I am all your pain
I want to taste your saliva
I wish that you were my daughter
I wish that I was your father
We could keep secrets
Luscious virgin, candied apples, dried up in the street
Blackened concrete, tearing into your bended fragile knees
Hotel bathrooms, neon contour, bleeding in the sink
I have never been so in love, I felt like I should die, yeah
She has everything, everything
I am all your pain
I want to taste your saliva
I wish that you were my daughter
I wish that I was your father
We could keep secrets
