Let The Sky Fall

Let The Sky Fall

Let the sky fall
Let the sea sink
Let the earth shake
Let the sun blink
Let the universe
Go spinning free
If my darling
Ever leaves me
Let the air freeze
Let the moon cry
Let the stars go out
Let the world die
Let the eyes go blind
Let the grass turn blue
If I ever
Think of leaving you
Let our love be
With our minds free
Let our hearts beat
Let our eyes see
Let the universe
Share our love
Let me be
What you're thinking of
