The Healing (featuring Gavin Clark)

UNKLE

Hold my hand
I need you now
Slow me down
I don't know howHold my hand
I need you now
Slow me down
I don't know howAre you living the feeling
The heights are they worth seeking
Nothing like believing
Are your drugs healingHold my hand
I need you now
Slow me down
I don`t know howHold my hand
I need you now
Slow me down
I don`t know howAre you really living
Or do you seek loving
Are you happy being
Or do you search for meaningAre you ever asking
Questions they need answering
You're not really hearing
You really need releasingA million pieces broken
A million secrets unspoken
A million pieces broken
A million secrets unspokenHold my hand
I need you now
Slow me down
I don't know howHold my hand
I need you now
Slow me down
I don't know howSecrets everywhere
Secrets everywhere
Secrets everywhere
Secrets everywhere
