

# The Healing (featuring Gavin Clark)

## UNKLE

Hold my hand  
I need you now  
Slow me down  
I don't know how Hold my hand  
I need you now  
Slow me down  
I don't know how Are you living the feeling  
The heights are they worth seeking  
Nothing like believing  
Are your drugs healing Hold my hand  
I need you now  
Slow me down  
I don't know how Hold my hand  
I need you now  
Slow me down  
I don't know how Are you really living  
Or do you seek loving  
Are you happy being  
Or do you search for meaning Are you ever asking  
Questions they need answering  
You're not really hearing  
You really need releasing A million pieces broken  
A million secrets unspoken  
A million pieces broken  
A million secrets unspoken Hold my hand  
I need you now  
Slow me down  
I don't know how Hold my hand  
I need you now  
Slow me down  
I don't know how Secrets everywhere  
Secrets everywhere  
Secrets everywhere  
Secrets everywhere
