

# Moments Like This

[Dean Martin](#)

Moments like this thrill me through and through  
Careless moments like this close to you  
Nonchalantly we'd dine and we'd dance  
Yet my heart seems to melt in your grace  
Sweet moments like this with the soft lights aglow  
Make me long for your kiss though I know  
I'd be just one of all your affairs

But at moments like this, who cares  
I'd be just one of all your affairs  
But at moments like this, who cares
