C'mon (On My Own)

Chester French

Everyone want to get a piece of what I got today (uh huh)
Show me cars tell me all about the stars you used to play (uh huh)
You wanna run it all
So you can really ball
But you should never try to walk until you learn to crawl
Dont wanna hold your hand
Just wanna be a man
But I dont think you understand(C'mon)
No no no dont you tell me what to do
Cause im going on my own
Yeah Im going on my own
And baby no no no dont you tell me what to say
Cause im going on my own
Well im going on my ownEverytime that you get me on the line its all the same (uh huh)
Porn star tale got a condo out in Vale you own the game (uh huh)
You wanna run it all
So you can really ball
But you should never try to walk until you learn to crawl
Dont wanna hold your hand
Just wanna be a man
But I dont think you understand(c'mon)
No no no dont you tell me what to do
Cause im going on my own
Yeah im goin on my own
And baby no no no dont you tell me what to say
Cause im going on my own
Well im going on my ownOh no
Dont you tell me that you get me pay
Valley kicks and a seat okay
Oh ill be living the life
And oh no
Dont you tell me that you got big plans
Mother fucker, this is in my hands
And ill be calling the shots(uh uh)
You wanna run it all
So you can really ball
But you should never try to walk until you learn to crawl (crawl)
Dont wanna hold your hand
Just wanna be a man

But I dont think you understandNo no no dont you tell me what to do
Cause im going on my own
Yeah im going on my own
And baby no no no dont you tell me what to say
Cause im going on my own
Well im going on my own
