

Boom Blast (Sticky Remix Instrumental)

Wiley

Boom blast, rave in the dance till the dance is done, ladies playing with my heart like wow,
got a boom heart in my chest but how,
when i flow cold north pole not south (hello)
budududadada budubudu pow!
peace love in my heart it's been a while now,
here's three words hold it down,
so right now i am gonna hold downnnnn (down)
dddown down down down down ddddown down,
the whole crowd is gonna singing aloud when im around,
the fans are ma dollar a euro or a pound,
its all sound checking my new garms all grey like a hound,
I live in a small town,
got a place in the city when roll through,
and i wanna roll through now,I give you that feeling
make you wanna rave it out and then touch that ceiling
we've got four hours to go and no you are not dreaming
rave till the partys done coz that's what we believe in (thats what we believe in)
If we give you the feeling,
that makes you wanna go and touch the ceiling,
then let's get down,
let's get down,
If we give you the feeling,
that makes you wanna go and touch the ceiling,
then let's get down,
let's get down,downnnnn,
