

# Dance With the Devil

## Raise Hell

I know what I want to do and I don't care what they say  
I do what I want 'cause I'm the hunter and you are the prey  
Come with me, come with us be a rebel "Come with me and dance with the devil"  
I'm the goddamned devil"  
This job pleases me  
Be a goddamned devil

This job will please you to  
Do what you want to do and don't care what they say  
I said you can do what you want 'cause you're the hunter and they are the  
prey  
Come with me, come with us be a rebel "Come with me and dance with the devil"  
I'm the goddamned devil"  
This job pleases me  
Be a goddamned devil

This job will please you to  
Life is short when reflecting of how long you will be dead  
So live your life and do the things you never have done but always wanted to  
Hey you what do you want to do  
Hey you do like I do  
Dance with the devil you to

Now dance or else you are a fool "Come with me and dance with the devil"  
I'm the goddamned devil"  
This job pleases me  
Be a goddamned devil

This job will please you to  
Please you to!
