Why Pretend?

Nessly

I asked her if she ever did
She said no she never did
I asked her if...
I asked her if...
I asked her if...
I, I

I asked her if she ever did
She said no she never did
I asked her if she ever did
She said no she never did
I asked her if she ever did
She said no she never did
I asked her if she ever did
She said no she never did

Shawty said her name was Paris
But she ain't never been to Paris
She got something in the carriage
But I ain't looking into marriage
I just reached 20
I'm done like my money
She want the benefits but I ain't no dummy
You just want these hunnits
This is my ?
Shawty if you dont like it, I'm coming
Shawty could be Kelly Rowland
Girl its Nessly out here, Nelly
Shawty said she want to do it raw,
So I got to shoot it on her belly
Hit her with the pistol
Hit her with a missile
Hit her with a Uzi
Her her with a Semi
Versace linen, I can't get it on the bed
And when I'm in it, have her singing like she Demi

Why pretend like you want him, when you know you don't need him?
I make you feel so wanted

I give you something to believe in
Girl you better holler back at me when a nigga rolling through your region
Hunnits blue like Amina
If you don't love him baby, leave him

Yeah, I asked her if she ever did
Yeah, She said no she never did
Yeah, I asked her if she ever did
Yeah, She said no she never did
Yeah, I asked her if she ever did
Yeah, She said no she never did
Yeah, I asked her if she ever did
Yeah, She said no she never did

We really be flexing and we really do it
You got to stop dealing with liars
I know he your man and you want to defend him
But I know you got to get tired
CCS do it and we is not stupid, we already know he expired
If I make you my ting and I show you new things
Ima make you sing like Mariah
Shawty mix a Xan with a percocet ten
Had to tell her man she was out with her friends
Round the same time when that thing kicked in
And I'm fried
First I fuck you in the foreign whip
But first you got to take the purple sip

Why pretend like you want him, when you know you don't need him?
I make you feel so wanted
I give you something to believe in
Girl you better holler back at me when a nigga rolling through your region
Hunnits blue like Amina
If you don't love him baby, leave him

Yeah, I asked her if she ever did
Yeah, She said no she never did
Yeah, I asked her if she ever did
Yeah, She said no she never did
Yeah, I asked her if she ever did
Yeah, She said no she never did
Yeah, I asked her if she ever did
Yeah, She said no she never did
