

Callin

Unwritten Law

Well, it seemed like yesterday
When the world was looking dark
It felt so cold and gray
And why the hell am I even here What's the purpose
All I feel is guilt and hate and fear
'Til that day you came along
My heart was empty
Like the soul was missing from a song And I thought I'd loved a few
No one ever made me feel
The way that you do Hey, little girl, look what you do
Oh, I love you
Hey, little girl, I love you
Well, I know I'm not always right And girl, it breaks my heart when I have to see you cry
So many things I wanna say
Now I know that you're the reason that I'm here today
Whenever you're here just stay near, we'll be alright, yeah alright Hey, little girl
Look what you do
Oh, I love you
Hey, little girl Look what you do and you do
When all my love starts running thin
I got you my own callin'
Hey, little girl, I love you I'll be alright but I need you close
Please stay tonight
As long as you're here just stay near
We'll be alright, yeah alright Hey, little girl
Look what you do
Oh, I love you
Hey, little girl
