California Lady

David Gates

She always skis the winter season
Try to catch her if you please
She makes the men wish... they were a
little bit bolder
Or on the beach at Malibu
Where her talents really show on through
She makes the boys wish... they were a
little bit olderSweet sunny Cal-California
Sweet sunny California Lady
Sweet sunny Cal-California
Sweet California kind of ladyShe drives a little foreign car
She's always lookin' like a movie star
Your heart's on fire... 'cause you're dyin'
to try her
She always wears those slinky clothes
Causin' riots everywhere she goes
Your eyes are shoppin'... oh but will she
let you buySweet sunny Cal-California
Sweet sunny California Lady
Sweet sunny Cal-California
Sweet California kind of lady
