

Dies Irae (orchestral version)

Dark Moor

Confutatis maledictis,
Flammis acribus addictis. When the sun is flustered
And the moon is free
The great little master
Write a bitter melodyThe notes fevers in my breast,
Aches to be awayEternal wisdom
In glorious kingdom
That is my sole wishChorus:
The first violins lead me while the harps
Embrace me like the blood
The madness beats my art
In the stage my baton cuts the air,
I am,
In a world I never made, a manDies irae, dies illa,
Solvet saeclum in favilla:
Teste David cum Sybilla
Quantus tremor est futurus,
Quando iudex est venturus,
Cuncta stricte discussurus. The sound is around
Long life to the king
Never falling down
Rex gloria, Rex gloria
Witness of the time
Spirit is sublime
No more feels of pain no more hate
A revenge is going awayWhere is my destiny?
Where is my fantasy?
I need to free my soul and cry
Someone to pray for me
I need to free my soul and will dieThere wells up the only tear
We shed without woe
And ride like the wind because
The music is enthralledThe notes fever's in my breast,
Aches to be awayEternal wisdom
In glorious kingdom
That is my sole wishchorus:
The first violins lead me while the harps
Embrace me like the blood
The madness beats my art

In the stage my baton cuts the air,
I am,
In a world I never made, a manDies irae, dies illa,
Solvet saeclum in favilla:
Teste David cum Sybilla
Quantus tremor est futurus,
Quando iudex est venturus,
Cuncta stricte discussurus.

The soft sleep to your bed
Is not worth pursuing
You will so soon be dead
Death will serve instead
Turn to the thing
He was born to be
A master to the king
Keep your fancy free

In the deep of the seaSalva me, fons pietatis.chorus variation:
The first violins lead me while the harps

Embrace me like the blood
The madness beats my art
In the stage my baton cuts the air,

I am,

In a world I never made, a manDies irae, dies illa,
Solvet saeclum in favilla:
Teste David cum Sybilla
Quantus tremor est futurus,
Quando iudex est venturus,
Cuncta stricte discussurus.
