# Hold Me Down

## JLS

[Marvin]
Stuck on the dark side
Reaching for daylight
Nothing wrong with alright
But that aint me
I make Suggestions
Answers to questions
All that they told me
Was let it be[Aston]
Cause all my life
You know I was dreaming about
About a way to find a way out
You know you know
They can't hold me down
I said a man Aint a meant to fly
But I'm reaching up for the sky
You know you know
You can't hold me down[Oritse]
Countless obstacles in my life
But I just cant seem to do right
But I keep trying[Aston]
It seems like they wanna knock me down like mya
But still I rise
It wont happen this time
Noo owahhh
I've made up my mind[All]
Cause all my life
You know I was dreaming about
About a way to find a way out
You know you know
They can't hold me down
I said a man Aint a meant to fly
But I'm reaching up for the sky
You know you know
You can't hold me down[Marvin]
Mountain in my way
I can't lie
At times they seem to high
But still I climb[Aston]

I told them I wont stop til
I reach the other side
They don't get to decide
I've made up my mind[All]
Cause all my life
You know I was dreaming about
About a way to find a way out
You know you know
They can't hold me down
I said a man Aint a meant to fly
But I'm reaching up for the sky
You know you know
They can't hold me down[Ortise]
Nothing stays the same
Everythings meant to change
See I'm meant to be free
So take your chains off me[Marvin]
I'm gonna turn it around
Nothing can stop me now
Some things aren't meant to be
This time it's about me[All]
Cause all my life
You know I was dreaming about
About a way to find a way out
You know you know
They can't hold me down
I said a man Aint a meant to fly
But I'm reaching up for the sky
You know you know
They can't hold me down[Marvin]
Stuck on the dark side
Reaching for daylight
Nothing wrong with alright
But that aint me
