Be the One

Kyven

1, 2, 3, 4
Look around
You should be
Should be dancing
Dance with me
Bottom line,
We're wasting time
So imma say what's
On my mind.
I just want you to know
That you're so so beautiful.
Uh, uh, uh
Baby I just want to be with you uh uh
I don't care if nobody's approve uh uh
Tell me what I gotta do to prove tonight
I might be the one, girl.
Uh uh uh
Baby I just want to be with you uh uh
I don't care if nobody's approve uh uh
Tell me what I gotta do to prove tonight
I might be the one, girl.
Thought we were caught in the moment
The moment you know.
That you want me to own it, to own it
Lets go.
And I need you to know

That you're so so beautiful.
Uh, uh, uh
Baby I just want to be with you uh uh
I don't care if nobody's approve uh uh
Tell me what I gotta do to prove tonight
I might be the one, girl.
Uh uh uh
Baby I just want to be with you uh uh
I don't care if nobody's approve uh uh
Tell me what I gotta do to prove tonight
I might be the one, girl.
Don't over-think it

We don't have to leave yet
We're just having fun
What could go wrong
There aint no question about it
I'm saying it's you that I want
Uh, uh, uh
Baby I just want to be with you uh uh
I don't care if nobody's approve uh uh
Tell me what I gotta do to prove tonight
I might be the one, girl.
Uh uh uh
Baby I just want to be with you uh uh
I don't care if nobody's approve uh uh
Tell me what I gotta do to prove tonight
I might be the one, girl.
