

Solitude is Bliss

Tame Impala

Cracks in the pavement underneath my shoe

I care less and less about and less about you

No one else around to look at me

So I can look at my shadow as much as I please All the kicks that I can't compare to

Making friends like they're all supposed to You will never come close to how I feel (x2) Space around me where
my soul can breathe

I've got body that my mind can leave

Nothing else matters, I don't care what I miss

Company's okay

Solitude is bliss There's a party in my head and no one is invited And you will never come close to how I feel

(x2) Movement doesn't flow

Quite like it does when I'm alone

I'll be the one who's free

You and all your friends

Can watch me, today Don't ask me how you're supposed to feel You will never come close to how I feel (x4 fade
out)
