

Sleepwalking (Clubfeet Remix)

Faker

Defensive coaches, as you write here, did you notice
the romances they don't hold us, they're a weight on my shoulders.

And distraction it favours all the things over-rated.

As you write here, did you notice your romances, they don't hold us. Do-do do-do do-do do do do da
do.... Maybe don't beat me up cos i got no sleep today,

You said you were sleepwalking, but what the f*** is that anyway? It still feels a little of the time (theres no
fighting)

Like i've been letting go (and no talking)

It still feels a little of the time (theres no writing)

That you've been good to know (I'm sleepwalking) Do-do do-do do-do do do do da do.... You used to call me
up, then i'd forget what to say

You said 'This messenger's sleepwalking and i thought maybe you'd come my way' It still feels a little of the
time (theres no fighting)

Like i've been letting go (and no talking)

It still feels a little of the time (theres no writing)

That you've been good to know (I'm sleepwalking)

It still feels a little of the time (theres no fighting)

Like i've been letting go (and no talking)

It needs no reason or rhyme (there's no writing)

But i'm here and good to go Do-do do-do do-do do do do da do.... do-do do-do do-do do do do da
do... And if we all died alone, in the mess of these games we play

with some history of sleepwalking, said, what the f*** is that anyway? Theres no fighting, and no talking, theres
no writing, i'm sleepwalking It still feels a little of the time (theres no fighting)

Like i've been letting go (and no talking)

It needs no reason or rhyme (theres no writing)

That im here and good to go (I'm walking) Defensive coaches, as you write here, did you notice
that romances don't hold us, they're a weight on my shoulders.

And distraction it favours all the things over-rated.

As you write here, did you notice that romances, they don't hold us. Do-do do-do do-do do do do da do-do do
do do do do.... do-do do-do do-do do do do da do do do do do do do.
