

Someplace Else

George Harrison

(Someplace else)
You got into my life
I don't know how you found me but you did
It stopped me heading someplace else Took me a while to say, wish you belong to me
But now I'm saddened like I've never been
Regretting that we'll leave And for a while you could comfort me
And hold me for some time
I need you now, to be beside me
While all my world is so untidy Loneliness
Empty faces
Wish I could leave them all
In someplace else
(Someplace else) I hope you won't let go, maybe you'll let me know
That you'll be saddened like you've never been
Regretting that we'll leave And for a while I could comfort you
And hold you in my mind
I need you now to be beside me
While all my world is sad and crazy Loneliness
Empty faces
Wish I could leave them all
In someplace else And for a while you could comfort me
And hold me for some time
I need you now, to be beside me
While all my world is so untidy Loneliness
Empty faces
Wish I could leave them all
In someplace else Loneliness
Empty faces
Wish I could leave them all
In someplace else
(Someplace else) I think I'm gonna leave them all
In someplace else
(Someplace else)
