

# Greyhound

## Shortstack

As I was walking by the muddy river  
I was touched by a hand  
I was laid over in a strange land  
As I looked to take myself a silver  
By the moonlight still lay a-bare  
Barely unnoticed, bury my head in her soft hair  
Greyhound roll on, get on and get me a ride  
Roll on  
You made me feel good outside  
You were a good public affair  
Everybody knew there was nothin' goin' on  
Greyhound roll on, get on and get me a ride  
Roll on
