

Where Would I Be?

Cake

I've been waiting
For so long
I've been hoping
Your love's not gone
Houses are sliding in the mud
Rivers are raging in your blood
Where would I be
Without your love?
Where would I be
Without your arms around me?
You were to be The only one
If I knew you
I would not run
You have been
Cloudy distant and dark
I'm thinking of
Noah and the ark
Where would I be
Without your love?
Where would I be
Without your arms around me?
