

Don't You Worry Love

Warmer

Don't you worry love
It's just the end of the world

Don't you worry love
It's just the end of the world

Don't you worry love
It's just the end of the world

Don't you worry love
It's just the end of the world

Don't you worry love
It's just the end of the world

Don't you worry love
It's just the end of the world

Don't you worry love
It's just the end of the world

Don't you worry love
It's just the end of the world
