King for a Day

Francine

Runnin' twice as fast I see
You're getting sick again
You're runnin' faster all the time
If I could, I take it away
You know I would
Makin' plans to rule the world
Spread yourself way too thin
You're wishing that you were king
It's killing you
Denying that you're just a man
Just makes you tire out
You've got to slow it down
You're always runnin'
And if I write this song to you
Would you listen up?
'Cuz this is your life, it's not mine
If I could, I would take it away
You know I would
Makin' plans to rule the world
Spread yourself way too thin
You're wishing that you were king
It's killing you
Denying that you're just a man
Just makes you tire out
You've got to slow it down
You're always runnin'
Makin' plans to rule the world
Spread yourself way too thin
You're wishing that you were king
It's killing you yeah
Runnin' twice as fast I see
You're getting sick again
You're runnin' faster all the time
And if I could, I take it away
You know I would
Makin' plans to rule the world
Spread yourself way too thin
You're wishing that you were king
It's killing you

Denying that you're just a man
Just makes you tire out
You've got to slow it down
You're always runnin'
Makin' plans to rule the world
You're always runnin'
Makin' plans to rule the world
You're always runnin'
Makin' plans to rule the world
You're always runnin'
