

Up Late

Kodak Black

That money don't sleep, you know what I'm sayin'?

So why you gonna be sleepin' on the money?

Up late

Keep that shit 1K, 1K If you want this shit, you gotta be up late

I don't want it now, I want it everyday

Pull up drop top, fully loaded Wraith

Let the Glock pop, it don't hesitate

And I keep the strap on me, just in case

A broke bitch always got somethin' to say

You don't want no money, wanna get laid

I was doin' fraud, I was sellin' licks

Drivin' too fast, it just ain't safe

I be all gas nigga, no brake

Pop a C-class like I'm in the sixth grade

Brought my BB gun to school in the fifth grade

Thinkin' 'bout my nigga Cool, hope he okay

I just bought a PS4, but I don't play

And my nigga Slime right behind me with the K

If I give you somethin', nigga you better say thanks

And I remember eatin' peanut butter treats

I ain't hit my lady in a couple days

You don't know what I had to go through

You don't know what I had to go do

In the studio, you know I keep the Pro Tools

I be saucin' on these bitches, I'm so smooth

Hey, let me show you how the VVS gleam

I ain't eat no pussy, diamonds on my teeth

If you want this shit, you gotta be up late

I don't want it now, I want it everyday

Pull up drop top, fully loaded Wraith

Let the Glock pop, it don't hesitate

And I keep the strap on me, just in case

A broke bitch always got somethin' to say

You don't want no money, wanna get laid

I was doin' fraud, I was sellin' licks I pop the checks and get that money out of state

I be boppin' on yo' nigga like I'm on the stage

Want my nigga home so bad, you know the lawyer paid

And even tho you gone, I keep the commissary straight

Slime in the Tahoe ridin' with that SK

No Wells Fargo, nigga I got big bank
I be rappin' 'bout it, 'cause I'm livin' this way
Top nigga, I been put up in a fish tank
Took that bitch to Chik-Fil-A, she said she wanna steak
They had to let me outta jail for my birthday
This ain't no water gun but when I see you I'ma spray
Mine a sniper, quick to shoot I fuck with Lil Tay
And this money doin' somethin' to my memory
Shawty know I love that head, I love that migraine
And I just wanna be new BeyoncÃ©
'Krill so big, it's like an arcade
If you want this shit, you gotta be up late
I don't want it now, I want it everyday
Pull up drop top, fully loaded Wraith
Let the Glock pop, it don't hesitate
And I keep the strap on me, just in case
A broke bitch always got somethin' to say
You don't want no money, wanna get laid
I was doin' fraud, I was sellin' licks
