

# Are You Ready

## Billy Ocean

Baby, oh, baby  
We're going out tonight  
Meet me 10.30  
And we'll get into fly

(What are we gonna do?) We're going to a party  
(2nd and 52) That's where we gonna start  
(Saturday afternoon) Girl, I love the city  
(Gonna get funk with you) We'll tear the place apart

Are you ready, are you ready to go, are you ready?  
Are you ready to go?  
Are you ready, are you ready to go, are you ready?  
Oooh, babe

Are you ready, are you ready to go, are you ready?  
Are you ready to go?  
Are you ready, are you ready to go, are you ready?  
Let's go!

Baby, oh, baby  
I'm feeling mighty hot  
Touch me, I'm yearning  
Fot something that you got

(Temperature moving up) Feel the freaky power  
(Takin' it to the top) Hey, babe, we're gettin' down  
(When are we gonna stop?) Count the zero hour  
(Rhythm ain't gonna drop) It's the partiest place in town

Are you ready, are you ready to go, are you ready?  
Are you ready to go?  
Are you ready, are you ready to go, are you ready?  
Well, well, well, well, babe

Are you ready, are you ready to go, are you ready?  
Are you ready to go?  
Are you ready, are you ready to go, are you ready?  
Ow, let's go!

Are you ready, are you ready  
Are you ready to go, are you ready to go? (Are you ready?)  
Are you ready, are you ready  
Are you ready to go, are you ready to go?

Are you ready, are you ready  
Are you ready to go, are you ready to go?  
Are you ready, are you ready  
Are you ready to go, are you ready to go?

(Temperature moving up) Oh, feel the freaky power  
(Takin' it to the top) Babe, we're gettin' down  
(When are we gonna stop?) Count the zero hour  
(Rhythm ain't gonna drop) It's the partiest place in town

Are you ready, are you ready to go, are you ready?  
Are you ready to go?  
Are you ready, are you ready to go, are you ready?  
Oooh, babe

Are you ready, are you ready to go, are you ready?  
Are you ready to go?  
Are you ready, are you ready to go, are you ready?  
Well, well, well

Are you ready, are you ready to go, are you ready?  
Are you ready?  
Are you ready, are you ready to go, are you ready?  
Are you ready?

Are you ready, are you ready to go, are you ready?  
Oh, baby  
Are you ready, are you ready to go, are you ready?  
Oho!

We're goin' to a party  
Goin' out tonight  
Meet me at 10.30, baby  
Feel ready to fight!

Are you ready?  
Ohoho  
Are you ready?  
Baby, baby, baby, are you ready?

Are you ready, are you ready

Are you ready to go, are you ready to go?  
Are you ready, are you ready  
Are you ready to go, are you ready to go?

Are you ready, are you ready  
Are you ready to go, are you ready to go?  
Are you ready, are you ready  
Are you ready to go, are you ready to go?

Are you ready, are you ready  
Are you ready to go, are you ready to go?  
Are you ready, are you ready  
Are you ready to go, are you ready to go?

Are you ready, are you ready  
Are you ready to go, are you ready to go?  
Are you ready, are you ready  
Are you ready to go, are you ready to go?

(Temperature moving up) Oh, feel the boogie power  
(Takin' it to the top) Babe, we're gettin' down  
(When are we gonna stop?) Count the zero hour  
(Rhythm ain't gonna drop) It's the partiest place in town

Are you ready, are you ready to go, are you ready?  
Are you ready to go?  
Are you ready, are you ready to go, are you ready?  
Oooh, babe

Are you ready, are you ready to go, are you ready?  
Are you ready to go?  
Are you ready, are you ready to go, are you ready?  
Well, well, well

Are you ready, are you ready to go, are you ready?  
Are you ready?  
Are you ready, are you ready to go, are you ready?  
Are you ready?

Are you ready, are you ready to go, are you ready?  
Oh, baby  
Are you ready, are you ready to go, are you ready?  
Oho!

Are you ready, are you ready to go, are you ready?
