its time to shine like the sun, it looks like candy,
so bitsy bitsy baby flossy bossy bet i do it right
got my whole crew with me (Ladies) top down not a cloud up in the sky
steppin up my spark and my shades lookin way to stunna, steppin up my spark
and u know i gots to keep it 100 (stunned out)
feel up from head to toe in the spot or at the show (stunned out)
feelin' like a million when we step up in the building (stunned out)
got me feelin' stunned out (heeyy whoooo)
now i am feelin' stunned out (owww owwwwww)
now i am feelin' stunned out (yeaaa a yeaaaa)

got me feelin' stunned out
Sunshine switchin' lanes

I stay steady to my name, they just can't get enough (them boys be watchin')
Skinny jeans and my brand new kicks gucci bags slippin' off my hips, it's time to show 'em whats upppp (they
must be watchin')

so bitsy bitsy baby flossy bossy bet i do it right
got my whole crew with me (Ladies) top down not a cloud up in the sky
steppin up my spark and my shades lookin way to stunna (stunned out), steppin up my spark and u know i gots
to keep it 100 (stunned out)
feel up from head to toe in the spot or at the show (stunned out)
feelin' like a million when we step up in the building (stunned out)
got me feelin' stunned out (heeyy whoooo)
now i am feelin' stunned out (owww owwwwww)
now i am feelin' stunned out (yeaaa a yeaaaa)
