Broke Down

Cole Swindell

old school McGraw comin out of my door
had to pull over couldnt take it no more
got this thing runnin in park hazards lightin up the dark
i was just out drivin around wast scanin for a memory to slow me down
but damn if yours didnt baby
id'a paid that dj not to play itcause im sittin here knowin what its gonna take to fix me
it aint a bar aint the beer it aint the whiskey
id give anything to hear ya say ya miss me tonight
yeah anybody else with any kind of sense woulda done moved on said it is what it is
but im off on the shoulder in a mess all wrecked inside
baby im broke down and it aint the truck this timepeople slowing down wanna see whats wrong
got my hand out the window just wavin em on
cuz i dont wanna have to explain
dont want knowone to see me this way
dont need no gas dont need no ride
everything on this chevy is runnin just fine
i just need another minute or two
till this songs over like me and youcause im sittin here knowin what its gonna take to fix me
it aint a bar aint the beer it aint the whiskey
id give anything to hear ya say ya miss me tonight
yeah anybody else with any kind of sense woulda done moved on said it is what it is
but im off on the shoulder in a mess all wrecked inside
baby im broke down and it aint the truck this time
