If It Breathes

Spineshank

If it breathes, choke it
If it breathes, choke it
If it breathesHow do I smile this way?
I shed the light but still I
The fear that starts my day
(If it breathes, choke it)
(If it breathes, choke it)
I wonder, I wonder
(If it breathes, choke it)
(If it breathes)What has to happen to make you see, make you see?
If nothing happens would you feel, would you feel?
(I've got to, I've got to, I've got to take it)
(I've got to, I've got to, I've got to take it)If it breathes, choke it
If it breathes, choke it
If it breathes, choke it
If it breathes, choke itI've stolen this abuse
All I have left is just these scars
(If it breathes, choke it)
(If it breathes, choke it)
Scars
(If it breathes, choke it)
(If it breathes)What has to happen to make you see, make you see?
If nothing happens would you feel, would you feel?
(I've got to, I've got to, I've got to take it)
(I've got to, I've got to, I've got to take it)You grow
You grow
You grow
You growYou grow
You grow
You grow
You growScars
(If it breathes, choke it)
(If it breathes, choke it)
Scars
(If it breathes, choke it)
(If it breathes)What has to happen to make you see, make you see?
If nothing happens would you feel, would you feel?
(I've got to, I've got to, I've got to take it)
(I've got to, I've got to, I've got to take it)What has to happen to make you see, make you see?

(I've got to, I've got to, I've got to take it)
(I've got to, I've got to, I've got to take it)
If nothing happens would you feel, would you feel?
(I've got to, I've got to, I've got to take it)
(I've got to, I've got to, I've got to take it)You grow
You grow
You grow
You growIf it breathes, choke it
If it breathes, choke it
If it breathes, choke it
If it breathes
