You Gonna Want Me (Hey Today! Remix)

Tiga

Baby, song for any season, I got so many reasons
You gonna wanna make it someday
Some say, 'Boy, you're always teasin', I think you best be leavin'
Why you gotta drive me crazy?'Baby, song for any season, I got so many reasons
You gonna wanna make it someday
Some say, 'Boy, you're always teasin', I think you best be leavin'
Why you gotta drive me crazy?'I know, you gonna want me
But when you want me, it might be a different story
I know, you gonna want me
But when you want me, it might be a different storyBaby, song for any season, I got so many reasons
You gonna wanna make it someday
Some say, 'Boy, you're always teasin', I think you best be leavin'
Why you gotta drive me crazy?'Baby, song for any season, I got so many reasons
You gonna wanna make it someday
Some say, 'Boy, you're always teasin', I think you best be leavin'
Why you gotta drive me crazy?'I know, you gonna want me
But when you want me, it might be a different story
I know, you gonna want me
But when you want me, it might be a different storyI know, you gonna want me
But when you want me, it might be a different story
I know, you gonna want me
But when you want me, it might be a different storyI know, you gonna want me
But when you want me, it might be a different story
I know, you gonna want me
But when you want me, it might be a different storyI know
