

# Nitro-burnin' Funny Bong

## Gwar

Ahh, sweet youth  
The joys of becoming a teenage prostitute  
Or in my case a blood-crazed gladiator  
Til I got stuck on this planet and got hooked  
On the weed and the crack and the booze  
And the pills and the speed  
And the sex and the mud and blood and the shit  
Let's go hit the  
Nitro-burning funny bong  
Just one hit, your life goes wrong  
Nitro-burning funny bong  
Another stupid stoner song  
Fat and lame  
The claws have been clipped and the tigers been tamed  
By a bong, and a schlong  
Yes, now we have all seen how games can go wrong  
My brains filled with bees and my cock is diseased  
Laden with pus, it hangs well past my knees  
A swarm of narcotics could get me through this  
My manager's gonna be pissed  
Let's go hit the  
Nitro-burning funny bong  
Just one hit, your life goes wrong  
Nitro-burning funny bong  
Another stupid stoner song  
Oh, can you take it, yeah, do a monster  
Oh, can you deal with it?  
We won't respect you  
Unless you get high with the boys  
Now I'm old, strapped in my cell as I cultivate mold  
In the twilight of my years, I am still a drug addict  
I'm sucking all night long on a ten foot bong  
Moistened with lotion, wrapped in a sarong  
I live like a king  
But you know that I act like a faggot  
Once was a warrior, now just a sponge  
High all the time got a dick like a muskellunge  
My glorious destiny it turned to shit  
Can I get another hit?  
From the nitro-burning funny bong  
Just one hit, your life goes wrong  
Nitro-burning funny bong  
Another stupid stoner song  
Oh, can you take it, yeah, do a monster  
Oh, can you deal with it?  
We won't respect you  
Unless you get high with the boys
