

Give It Some Time

Reuben Keeney

(feat. Glenn Rosborough)

We wait to find
We are surrounded by
The things we ever prayed for

In the back of our minds
There was a truth
We could never find it
While lying underneath
The rock that we
Found ourselves beneath

The taste of what
We could have grew more
Sweet with every drink we had
No sense of fear
We were immune to ever loosing
I was a king
You were a queen
Of a little separate reality

Chorus

Give it some time
I know itâ€™s tough
Trying to find the better parts of both of us
Give it some time
I know itâ€™s hard
Trying to find the better parts of both of us
When the press started coming
We both started crumbling
Both were ready to implode
But if we both started running
Youâ€™d just kept running
We know weâ€™d always end up back home
Scrambling back as fast as our feet
Could revolve the earth beneath
Back where its safe
Protected from harm

Thereâ€™s a sanctuary in your arms

Chorus

Give it some time

I know itâ€™s tough

Trying to find the better parts of both of us

Give it some time

I know itâ€™s hard

Trying to find the better parts of both of us
