Magnolia

Hoobastank

I watch and wonder
As you discover
I'm hoping that I find
Something that reminds me of myself
And I keep hearing
How these days are fleeting
So I try to lock away
Every memoryMagnolia
Magnolia
These days won't last forever
Magnolia
Magnolia
So the moments we're together
Mean everythingAnd with every blessing
Night and day I'm asking
Oh for just a little more
There never is enoughMagnolia
Magnolia
These days won't last forever
Magnolia
Magnolia
So the moments we're together
Mean everythingIt's like there's no one around
When you're holding my hand in a crowd
It's like there's no one around
When you're holding my hand in a crowdNo oneAnd I know there'll be a day
I'll be giving you away
Until then I'm holding onMagnolia
Magnolia
These days won't last forever
Magnolia
Magnolia
So the moments we're together
Mean everythingMagnolia
Magnolia
Magnolia
