

Hooky

This Frontier Needs Heroes

There's something that's alive in you
something that you know is true
I hope you'll remember
the reason why you carry your guitar
Did you ever have short hair?
Maybe you just didn't care
do you remember when you stared
at me eating chocolate
While we're watching movies
everything is soothing
stop playing scrabble
there's so many things I wanna dabble
Now that we are sleeping
your heart is finally beating
throw yourself in the air
slaying like a bean bag chair
Tonight the song is chilly
everybody's silly
whats the point of playing
if every game is hooky?
Let's go to disneyland
throw ourselves in the sand
maybe we should start a band
it only take 5 strings to jam!
This guitar isn't broken
This guitar just needs fixing
By the time you've awoken
My heart keeps on tripping
Oh yeah
