

# I'm Coming Lord

## The Canton Spirituals

I'm coming lord  
I'm coming lord  
By myself  
Coming by myself  
You can look for me  
Don't call  
But don't call the roll till I get there

I may be blind  
I may be blind  
I might not see  
I can not see  
But you can look for me  
You can look for me  
And don't call the roll  
And don't call the roll till I get there

I may be cripple  
I may be cripple  
i may not never never.. never.. never ..never.. walk not more  
I may not walk  
But you can look for me  
You can look for me  
And don't call the roll  
And don't call the roll till I get there

I'm coming lord  
I'm coming lord  
Oh, I might be lonesome sometime  
All by myself  
You can look for me-eee??.  
You can look for me-eee??.  
You can look for me-eee??.  
You can look for me-eee??.  
But don't call the roll  
But don't call the roll till I get there
