

Sometimes the Good Guys Finish First

Pat Benatar

S U C C E S S

That's the way we spell success

Will we get it, the answers, yes

S U C C E S S Small town boy, so clean, he squeaks

Pressed and polished for the big time dreams

Got a letter from his mama, and a boyish grin

Close his eyes one minute, and it nearly did him in, yeah You know there's nothin' like having that wall against
your back

To get your ass in gear, and your mind on track

When wheels start turnin', things start falling into place

You'll be surprised what you can do with some intelligence and taste

Yeah Sometimes the good guys finish first

Sometimes your best is all it takes

You know that, sometimes the good guys finish first

Sometimes the good guys finish first Back door logic, turn your head around

Use the front door and avoid the crowd

They're trying to tell you that it can't be done

Beatin' big boys at their own game is half the fun, hey, hey Sometimes the good guys finish first

Sometimes your best is all it takes

You know that, sometimes the good guys finish first

Sometimes the good guys finish first Sometimes the good guys finish first

Sometimes your best is all it takes

You know that, sometimes the good guys finish first

Sometimes the good guys finish first The good guys, the good guy

The good guys finish first Sometimes the good guys finish first

Sometimes your best is all it takes

You know that, sometimes the good guys finish first

Sometimes the good guys finish first Sometimes the good guys finish first

Walkin' a straight line in reverse

You know that, sometimes the good guys finish first

Sometimes the good guys finish first Sometimes the good guys finish first

Sometimes your best is all it takes

You know that, sometimes the good guys finish first

Sometimes the good guys finish first
