

The Judged

Famous Last Words

[Intro]

Ladies and gentleman of this jury,
I am here today to bring this criminal to justice.
One who's crimes are so heinous and evil,
That If I had the power of the almighty I'd sentence her soul to hell! [Verse 1]
You've been accused of this horrid abuse,
Advocate your lies and hide behind your guise.
I'm not the culprit I'm the victim of perjury,
I swear I'm innocent cause I'm the one who's
Guilty of the atrocities!
There's her confession, let's get on with the sentencing!
That's bullshit! He's the one who defiled me!

See she admitted it!

Honor you must convict! [Pre-Chorus]

I guess it's hard to see who is to blame,

Stuck on the outside looking in.

Humiliation fuels my shame,

Want to shed off my skin. [Chorus]

So discredit me and take it all,

Because it seems I'm destined to fall.

Disparage me and make the call,

Deep down I know it's not my fault.

I'm not to blame,

How could I ever have asked for this?

So do your worst, I'll stand up tall,

And I'll never feel guilty at all. [Verse 2]

It's clear she instigated it,

Sprits of Chanel and her cherry lipstick.

Used to tempt us with her smile,

Over promiscuous, dissident.

Harlot's calamity,, order the penalty now!

Give her what she deserves,

Lured him in with provocative beauty,

She's done it before and she'll do it again, trust me! [Pre-Chorus]

You're all so blind, how can't you see

His argument's enormity?

I've lost my faith in society,

How could you do this to me?

(To me!)[Chorus]

So discredit me and take it all,
Because it seems IÃ¢â¬Âm destined to fall.
Disparage me and make the call,
Deep down I know itÃ¢â¬Âs not my fault.
IÃ¢â¬Âm not to blame,
How could I ever have asked for this?
So do your worst, IÃ¢â¬Âll stand up tall,
And IÃ¢â¬Âll never feel guilty at all.[Bridge]
I will wake up, I will fight,
Back to reality!
IÃ¢â¬Âd like to see you try.
What a shame, I hope you said your goodbyes.
I will prevail or I will die! [Hook]
Lock the cage, throw away the key,
Settle in because youÃ¢â¬Âll never be leaving.
Lock the cage, throw away the key,
You will suffer here, you will never leave!
Lock the cage, throw away the key,
Settle in because youÃ¢â¬Âll never be leaving.
Lock the cage, throw away the key,
You will suffer here, you will stay asleep! [Bridge]
YouÃ¢â¬Âre all so sick, but now I see,
This horrid dream is all just me.
Blaming myself for this tragedy,
But now I see it clearly. [Chorus]
So discredit me and take it all,
Because it seems IÃ¢â¬Âm destined to fall.
Disparage me and make the call,
Deep down I know itÃ¢â¬Âs not my fault.
IÃ¢â¬Âm not to blame,
How could I ever have asked for this?
So do your worst, IÃ¢â¬Âll stand up tall,
And IÃ¢â¬Âll never feel guilty at all. [Outro]
Guilty of sin,
Judgment for crimes committed.
Guilty of sin (guilty of sin!)
Judgment for crimes committed.
Guilty of sin (guilty of sin!)
Judgment for crimes committed
Guilty of sin,
Judgment for crimes committed.
Guilty of sin,
Judgment for crimes committed.
Guilty of sin,

Judgment for crimes committed.
