Looking for the Next Best Thing

Warren Zevon

I worked hard, but not for the money
I did my best to please
I used to think it was funny
'Til I realized it was all a teaseDon Quixote had his windmills
Ponce De Leon took his cruise
Took Sinbad seven voyages

To see that it was all a ruseThat's why I'm looking for the next best thing

Looking for the next best thing

I appreciate the best but I'm settling for less

So I'm looking for the next best thingLooking for the next best thingAll alone on the road to perfection At the inspection booth they tried to discourage me

You can believe what you want that'll never change it

Well you'll have to come around eventually And you'll be looking for the next best thing

Looking for the next best thing

I appreciate the best, I'm settling for less

I'm looking for the next best thing Well looking for the next best thing

Looking for the next best thing

Yes I'm looking

And I'm looking for the next best thing

I'm looking for the next best thing
