

Are You Talking to Me

Clawfinger

Are you talkin' to me?
I didn't hear what you said
Was that a word in your mouth?
Was that a thought in your head? Are you moving your lips, I can't hear any words
Have you got something to say, was that a noise I heard?
I still can't hear your voice, do you think I'm all ears?
Could you talk a little louder cos' I still can't hear? Are you talking to me?
Are you talking to me?
Are you talking to me?
There's no one else here you must be talking to me Don't raise your voice at me, do you think that I'm deaf?
There's no reason to scream, why don't you save your breathe?
I heard the first time 'round, it's fucking Greek to me
What comes out of your mouth is like a piss in the sea Are you talking to me?
Are you talking to me?
Are you talking to me?
There's no one else here you must be talking to me Are you talking to me?
Are you talking to me?
Are you talking to me?
There's no one else here you must be talking to me You're just wastin' my time, there's nothin' good in you
Going from bad to worse is the best you can do
With your head up your ass, you're just a bad excuse
You don't say what you mean, so what's the fucking use? Are you talking to me?
Are you talking to me?
Are you talking to me?
There's no one else here you must be talking to me Are you talking to me?
Are you talking to me?
Are you talking to me?
There's no one else here you must be talking to me
