

Supper Time

[Les Gilliam](#)

Supper time, I should set the table 'cause it's supper time
Somehow I'm not able 'cause that man of mine
Ain't comin' home no more Oh, supper time, kids will soon be yellin' for this supper time
How'll I keep from tellin' that that man of mine
Ain't comin' home no more How'll I keep explainin' when they ask me where he's gone
How'll I keep from cryin' when I bring the supper on
How can I remind them to pray at their humble board?
How can I be thankful when they start to thank the Lord? Oh, Lord Supper time, I should set the table 'cause it's
supper time
Somehow I'm not able 'cause that man of mine
Ain't comin' home no more
Ain't comin' home no more
