

Smart Dogs

Kula Shaker

Dancing in your shadow
I was riding through a different state of mind
No one can perceive the state I'm in
It's like the living world is blind
It's a feeling like no other
Spending Easter with you're mother
Darling, it's a freaky roller coaster ride
Well, if you know the feeling, baby
Peel me of the ceiling baby
Did you know planet earth was blue?
Turning blue, don't you try to talk to me
I'm a space man sitting in the sky
I'm a sleeping sweetly, honey
Let the sleeping pretty smart dogs lie
Let 'em fly
Wait until tomorrow
See the summer sun upon the ocean sky
Look at the creator
See the master of magicians fantasize
It's a feeling like no other
Spending Easter with you're mother
Darling, it's a freaky roller coaster ride
Well, if you know the feeling, baby
Peel me of the ceiling, baby
Did you know planet earth was blue?
Turning blue, don't you try to talk to me
I'm a space man sitting in the sky
I'm a sleeping sweetly, honey
Let the sleeping pretty smart dogs lie
Let 'em fly
