

Sexual Powertrip (One Big Lie) Bla Bla

Blue October

I'm sorry for the way I treated you.
I'm stuck in my ways to just run,
In the opposite way when things get comfortable.
I'll keep on licking till your flavor is gone.[Chorus]
It's getting more impossible
To keep a straight face
And be trusted with
I love you.Don't trust my words when I'm in bed with you.
I'll bring the message but the message gets lost,
Yeah, you opened your legs and maybe I promised you...
You didn't notice that my ankles were crossed.[Chorus]
