What Doesn't Kill Us

Adema

I call you on the phone
I sit here all alone
And try to find the words
That I can't say
In less than thirty days
We'll both be going our separate ways
Now there's nothing left
That we can fall back on
I know that I'm much too selfish
I can't, I can't help this
Nobody knows what I've done
(I've done wrong)
What doesn't kill us makes us
(Makes us strong)
And there's a place that I know
(I may know)
What doesn't kill us makes us
(Makes us strong)
There's nothing left for me
But paybacks, death and destiny
Where did I go wrong, I don't know
I gotta leave and take what's mine
Wasted youth and wasted time
I call these words into my stains so it will show
I know that I'm much too selfish
I can't, I can't help this
Nobody knows what I've done
(I've done wrong)
What doesn't kill us makes us
(Makes us strong)
And there's a place that I know
(I may know)
What doesn't kill us makes us
(Makes us strong)
So give back everything you took from me
Don't believe in me, you don't care about me
I've learned my lesson and it's set me free
Don't believe in me, you don't care about me
(No)

Nobody knows what I've done
(I've done wrong)
What doesn't kill us makes us
(Makes us strong)
And there's a place that I know
(I may know)
What doesn't kill us makes us
(Makes us strong)
Makes us
Makes us
Makes us
Makes us
