

# FIND YOUR WINGS

## Tyler, the Creator

Find your wings (supposed to fly)  
Find your wings (find your wings)  
Hey you, whatcha doin' and why you runnin'?  
Supposed to fly and take control cause you're the pilot  
You can't swim, you're gonna drown, the sharks are comin'  
The sky's your home, there's no limit, you know you gotta  
Find your wings (fly)  
Find your wings (find your wings) My lil nigga, the world is yours, birdy We can go down to the rainbows  
Don't let your high keep your brain low  
You're a bird  
You're supposed to fly away  
The way you stand there  
Don't let your wings go to waste (go to waste)  
The sky is your home, be free  
Be free
