

Voodoo

Verse Simmonds

If I wanna take ya home, would ya even go?
Or would you rather go to a spot all of your own?
Girl, watchya talkin' bout? We could leave right now
Or you could drop drop drop... ?
Baby, pardon me, I don't wanna be too forward, we both ...? shawty let's talk about it, whoaa-ooa-ooa
You got that thang thang thang pow, I can't take it no more
Stand up on the tables poppin bottles if you want
Later ...?
Girl I'm feeling you, and yes I hope you feeling me
Tonight, I just want your love for free
I won't go home unless you leaving with me
Im crazy for you, you got a spell on me
Hey now hey now ooh-hoo now (repeat)
Voodoo got you now, voodoo got you now got you now (repeat)
Now if I spill this drink all over your shirt, would you rush ...? so I could take it off
Mama, pardon me, cause I don't usually go this hard but something really got a hold on me
And it's kind of making me really wanna leave
I'm lookin at your face, got me so caught up in your trance
Oh-hoo let's go, you got that thang thang thang pow, I can't take it no more
Stand up on the tables poppin bottles if you want
Later ...?
Girl I'm feeling you, and yes I hope you feeling me
Tonight, I just want your love for free
I won't go home unless you leaving with me
Im crazy for you, you got a spell on me
Hey now hey now ooh-hoo now (repeat)
Voodoo got you now, voodoo got you now got you now (repeat)
Oh you got a spell on me babe
The voodoo that you doin is crazy
Mmm da-nanana (x4)
Oh you got a spell on me babe
The voodoo that you doin is crazy
Mmm da-nanana (x4)
I won't go home unless you leaving with me
Im crazy for you, you got a spell on me
Hey now hey now ooh-hoo now (repeat)
Voodoo got you now, voodoo got you now got you now (repeat)
