

# Colony Of Birchmen (with Josh Homme)

## Mastodon

This forest is growing faster than I can tell  
Cell structure eats away at a massive swell  
Seems, however, I'm a victim of circumstance  
Hunt for ogres and dwarfs

Lion slicer  
Run with death  
Run with death

White faces coming closer with every step  
Earth envelopes taking breath without happenstance  
Carve my teeth out, ripping through the sheep's head curse  
Hunter gatherer

Ridden from the caveRun with death  
Run with death  
Gone away

My heart's gone away  
Taking everything  
My heart's gone away  
Take it nowRun with death  
Run with death  
Gone away

My heart's gone away  
Taking everything  
My heart's gone away  
Take it now
