

Sorry

Darren Styles

i saw you yesterday,
you walked past and you looked right through me,
and i then i hear you say,
oh no he didn't see me did he,
and now your walking away,
to see you cry wasn't my intention
just let me make it okay
just give me one more chance to say
im sorryi am so sorry
i didn't mean to make you mad
your the best thing that i ever had.
