

# Forgive Me

## Billy J. Kramer & The Dakotas

I know I've been wrong, girl, acting like I did  
Taking you for granted, treating you like a kid  
Forgive me, forgive me, forgive me, forgive me, forgive me 'Cause girl, you're the reason I work my life way  
When you see me coming, you turn your back the other way  
We played and [Incomprehensible] at everyone who had to pay  
I hope and pray, you'll be back again with me someday I don't know the reason, it's always been so hard  
I only know I'll miss you, 'specially now we're apart  
Forgive me, forgive me, forgive me, forgive me, forgive me 'Cause girl, you're the reason I work my life way  
When you see me coming, you turn your back the other way  
We played and [Incomprehensible] at everyone who had to pay  
I hope and pray, you'll be back again with me someday
