

# Silver and Cold

AFI

I, I came here by day  
But I left here in darkness  
And found you, found you on the way  
But now, it is silver and silent  
It is silver and cold  
You in somber resplendence, I hold Your sins into me  
Oh, my beautiful one  
Your sins into me  
As a rapturous voice escapes  
I will tremble a prayer  
And I'll beg for forgiveness  
Your sins into me  
Your sins into me  
Oh, my beautiful one Light, like the flutter of wings  
Feel your hollow voice rushing  
Into me as you're longing to sing  
So I, I will paint you in silver  
I will wrap you in cold  
I will lift up your voice as I sink Your sins into me  
Oh, my beautiful one, now  
Your sins into me  
As a rapturous voice escapes  
I will tremble a prayer  
And I'll beg for forgiveness  
Your sins into me  
Your sins into me Cold in life's throes  
I'll fall asleep for you  
Cold in life's throes  
I only ask you turn away  
Cold in life's throes  
I'll fall asleep for you Cold in life's throes  
I only ask you turn  
As you seep into me  
Oh, my beautiful one, now Your sins into me  
Oh, my beautiful one  
Your sins into me  
As a rapturous voice escapes  
I will tremble a prayer  
And I'll beg for forgiveness

Your sins into me  
Your sins into me Your sins into me  
Oh, my beautiful one, now  
Your sins into me  
As a rapturous voice escapes  
I will tremble a prayer  
And I'll beg for forgiveness  
Your sins into me  
Your sins into Your sins into me  
Your sins in to me  
Oh my beautiful one
