# Takes A Woman to Know

## Lisa Stansfield

Guess you think that you're cool
Guess you think that you're smart
Guess you think you can tie up my heart
With a ribbon and pull it apartYou don't wanna get down
You don't wanna go deep
Well, I told you I love you
But baby, I figured that you were asleepIf you were a man
You'd walk out that door
Tell me love is a crazy game
We've played it beforeIf you were a man
You'd get up and go
'Coz you know what it takes
Takes a woman to knowDid you think that I'd wait
With my arms open wide?
When I saw that it's over
I saw it was written right there in your eyesYou don't wanna get down
You don't wanna go deep
Well, I told you I love you
But baby, I figured that you were asleepIf you were a man
You'd walk out that door
Tell me love is a crazy game
We've played it beforeIf you were a man
You'd get up and go
'Coz you know what it takes
Takes a woman to knowTakes a woman, takes a woman
Takes a woman to know
Takes a woman, takes a woman
Takes a woman to knowWell, I wanted you forever, babe
But that ain't your style
So next time I'm kissing you
I'll be kissing you goodbye, yeahIf you were a man
You'd walk out that door
Tell me love is a crazy game
We've played it beforeIf you were a man
You'd get up and go
'Coz you know what it takes
Takes a woman to know
Takes a woman to know
Takes a woman to know
